

Why Getting A Live-In Carer Could Be Better For You.

Making decisions on the level of care you need, where and how can be daunting. Live-in care could be a better choice. Here is why;

1. Continue to live in your own home and live the life you want.
2. Continuity of care with 24 hour daily one-to-one person centred support to hand.
3. Savings of up to £1,200 when compared to residential, nursing home or hourly rate agency charges.

4. Day-to-day tasks

Bathing, hygiene, getting dressed.

Preparing meals and light house work.

5. Health and medicine

Light exercise, mental health management.

Organising prescriptions and medication management.

Arranging appointments and attending.

6. Social interaction

Companionship and Exploring interests.

A walk and a chat, days out, short breaks.

Connecting with family, friends and the community.
